SUMMARY

Architecture graduate from Institut Teknologi Sumatera (ITERA) with experience in conceptual design, architectural visualization, and design development through academic studios, competitions, and professional internship. Passionate about creating meaningful architecture that responds to context, culture, and human experience, with strong visual communication and presentation skills.

EDUCATION

Bachelor of Architecture

2022 - 2026

Institut Teknologi Sumatera (ITERA)

- GPA: 3.62 / 4.00

TECHNICAL SKILLS

Concept Development, Architectural Design, Site Analysis, Space Planning, Architectural Visualization, Presentation Design.

SOFTWARE

AutoCAD, SketchUp, Enscape, LayOut, Figma, Canva.

PROFESSIONAL EXPERIENCE

Architectural Intern

2025

LokaNata Aestetika Studio (LNA & Associates), Bandung

- Assisted architects in schematic design, design development, and the production of architectural drawings for residential and commercial projects.
- Developed 3D models, architectural visualizations, and presentation materials using SketchUp, Enscape, and LayOut.
- Participated in design discussions, project coordination, and design reviews with the project team.

Lecture Assistant, Architecture Presentation Studio

2024

Sumatera Institute of Technology (ITERA)

- Assisted in mentoring 50+ first-year architecture students in design presentation, visual communication, and studio reviews.

ORGANIZATIONAL EXPERIENCE

2024 - 2025

- Head of Division, Competition — Aurora 7.0 Architecture Design Competition, ITERA
- Chief Executive — Material Building Exhibition, Architecture Study Program, ITERA
- Staff of Community Development — External Department, HIMARS Swarnapada ITERA
- Staff of Human Resources — Aurora 6.0 Architecture Design Competition, ITERA

ACADEMIC PROJECTS

Emanate Space – Performing Arts Center - Final Thesis | Public Building

- Designed a performing arts center that fosters creativity, collaboration, and cultural expression through the "**Emanate**" concept.
- Developed the project from research and site analysis to concept development, architectural drawings, and 3D visualization.

AI - Muhtadin Mosque - Public Building

- Designed a contemporary campus mosque inspired by the identity of ITERA, incorporating Lampung's Tapis cultural motifs into the architectural expression.
- Integrated spiritual, educational, and communal functions through a modern and context-responsive design approach.

Work Link Office - Mixed-Use Office & Capsule Hotel | Commercial Building

- Designed a modern mixed-use office and capsule hotel emphasizing flexibility, natural lighting, and functional workspaces.
- Applied a contemporary façade with extensive glazing and wooden sun-shading elements to enhance thermal comfort and visual identity.

SELECTED COMPETITIONS

Participant, 2025 - 2026

- 2026 International Architecture Design Competition, Asian Institute of Low Carbon Design (AILCD)
- Station Design Competition, TransJakarta BRT
- Creative Interaction Center Design Competition, Department of Architecture, Universitas Diponegoro
- GKE Maranatha Church Architecture Design Competition, Palangka Raya, Central Kalimantan
- Kediri Bridge Beautification Design Competition, Ministry of Public Works and Housing (PUPR), Kediri, East Java

VOLUNTEER EXPERIENCE

Community Development Program

2025

Gubuk Sero Village, Bandar Lampung

- Conducted participatory research and designed a community multipurpose hall that was successfully constructed to support social and community activities in Gubuk Sero Village.

DESIGN INTERESTS

Conceptual Design, Sustainable Architecture, Futuristic Design, Urban Exploration, Sketching, Photography.
